EXPERIENCE

BNBuilders, San Diego CA

Safety Intern / June 2024 – September 2024

Presented safety orientation for new onsite workers, participated in toolbox talks and safety meetings, daily jobsite walks inspecting pre task plans, permits and machinery inspections. Set up control access zones with barriers and proper signage, as well as coordinating with subcontractors to ensure a safe work environment.

TruGreen, Pasco WA

Lawn Specialist / July 2023 - September 2023

Certified pesticide applicator license was obtained to be able to service customers lawns with fertilizer and pesticides depending on the condition of the lawn, while following safety regulations due to the amount of chemicals being used.

Pleasant Ridge Construction, Grandview WA

Laborer/Carpenter / March 2021 - September 2021

Would pick up around the job site to avoid any possible injuries and to keep a safe work environment. Ensured lead carpenters had everything they needed for the day to stay on schedule as well as laying out measurements, cutting material etc. while taking in as much knowledge as possible.
